Dear Mr. Saxena,

I am happy to go through your letter No. 155 dated 26th May 2009 in response to PG Cell letter No. 6787 dated 19th May 2009 regarding replacement cost of burnt meters. I appreciate the steps taken by the Discom. Such actions on the part of the Discoms would go a long way in building image of Discoms and assuring the public that their interests are being looked after properly.

With Regards

Yours sincerely,
