		General		Currently, A3 bills are sent quarterly, and A4 bills in the remaining months. This variation creates significant challenges in managing the process effectively. It requires a software change, additional coordination, and impacts efficiency. It also complicates logistics and leads to higher costs. We request you to standardize the format to either A4 or A3 for all 12 months to simplify operations and ensure timely delivery.	Tender conditions shall prevail
8	page no-10 Clause no 4.1(ii)	Technical	The bidder must have a Continuous/Reel Feed or Advanced Laser Cut Sheet Printing facility capable of printing at least 700 A4 pages per minute. Sufficient backup systems must be in place to prevent any delays. Both printing systems must be operational at the time of bid submission. The printer should also feature an integrated document inspection system to ensure that the front and back of each document match for the same consumer, maintaining automated document integrity. A minimum print resolution of 600 x 600 dpi for variable data printing is required.	Need clarity on this point.	Bidder shall submit an undertaking stating that their printing facility and backup printing system are operational at the time of bid submission.
